Re: Maddur Town Extension

With reference to your letter No L 7760 dated 3-11-1950, I write to state that the Municipal Council forwarded to this office an extract from the revenue survey map indicating the survey numbers under acquisition for the proposed extension This small scale map sent by the council does not furnish any of the details that are required for a proper layout of the extension The President of the Municipal Council was therefore addressed in this office Nos 312 dated 1-7-1950 and 744 dated 16-10-1950 to send a large scale plan showing the existing buildings, roads, ravines etc marking thereon contours at 5 ft intervals This plan has not yet been received so far The area being just by road side, I inspected the place twice on my way to Mysore But in the absence of a regular plan showing the contours and salient features it will not be possible to get a suitable layout prepared I am reminding the President of the Municipality again in the matter As soon as the survey plan is received, I shall get the layout ready
